

Procurement Manager (m/f)

Become part of a team that changes the engineering landscape and strives to build a safer world by challenging conventional thinking and delivering customer focused solutions.

Vibrationmaster manufactures technology leading material test solutions to analyse the integrity of bolted joints. Our patented technologies are brought to use daily throughout the world by leading OEM's such as ABB, Boeing Inc, Toyota Motor and SpaceX.

To support our operations, we are searching for a Procurement Manager.

Your tasks:

- Devising and establishing our procurement policy and procedures
- Responsible for selecting partners and suppliers of mechanical sub-assemblies, mechanical parts, electronic
- Responsible for procuring parts and sub-assemblies and receipt of delivery in due time
- Ensuring a smooth and value adding working relationship with partners and suppliers
- Setting standards for quality
- Setting-up an appropriate ERP system
- Responsible for Project Management of ongoing orders and timely delivery to our customers
- Through Lean Manufacturing to optimize our processes and lead cost reduction initiatives
- Making suggestions for changes and improvements and how to implement them

Your qualifications and skills:

- A strong background in procurement in an industrial environment with practical knowledge of Lean Manufacturing Principles
- A strong sense of urgency to improve our business and making sure the company is working as effectively as possible to stay ahead of competitors.
- A proven track record in hands-on problem solving and getting things done
- Experience using Odoo ERP system is an advantage
- Fluent in English and a second language such as German or Luxembourgish
- Are disciplined in your work processes and keen on delivering highest possible quality
- Are inspired by an entrepreneurial culture.

Vibrationmaster offers a challenging future and a competitive remuneration based on a fixed salary and possibility to join our Employee Stock Option program. The full-time employment position is available immediately. Please send your application and CV in English to Morten Schiff, CEO, on ms@vibrationmaster.com.
